CHERBOURG

CHERBOURG 2 FEUX / 2 LIGHTS

DES FORMES ÉQUILIBRÉES

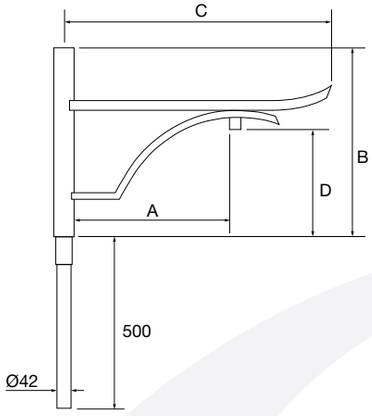

Protégée par une peinture polyester, Cherbourg est composée de tubes en acier galvanisé de section rectangulaire. Élégante et équilibrée dans son utilisation de formes droites et arrondies. Existe en version sur mât, murale ou contre poteau pour luminaires suspendus uniquement (raccord 3/4" GAZ femelle).

WELL-BALANCED FORMS

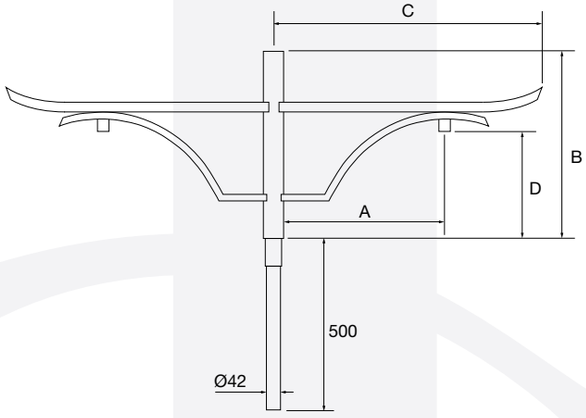

Protected by polyester paint, Cherbourg is comprised of galvanised rectangular section steel tubes. Elegant and well-balanced in its use of straight and rounded forms, it is available in post-top , wall-mounted or against a post versions, solely for suspended luminaires (3⁄4" BSPT female coupling).
